- (2) Press "CLOCK" and "HOUR" together until correct hour is shown.
- (3) Press "CLOCK" and "MIN" together until correct min is shown.
- (4) Press "ON/AUTO/OFF" key to display ON AT or AT OFF(AT OFF should be displayed when the timer is set for automatic spray, but is not spraying at the present time)
5. Press "ON/AUTO/OFF" key to select timer mode
6. To cancel or reset the timer press the reset button, to resume initial setting press the reset button again.

Seconds timer instructions

The seconds timer controls the Mosquito Boss' spray duration time. To set Seconds Timer rotate the knob to desired spray time. Weekly timer will now start system at preset times and end after your set duration time. **REMEMBER: YOU CANNOT USE THE MANUAL SPRAY FOR THE REMAINDER OF THE MINUTE AFTER THE AUTOMATIC TIMER SHUTS OFF**

UHF Remote Control

To activate remote operation of Mosquito Boss system simply press and hold down button on remote control for desired spray time. Releasing button stops operation of unit and returns it to automatic preset activation times.
