

My name is Julie Coss and I'm in 4th grade and I'm 10 years old. I attend ALC and I'm in the Missionettes program. I'm in the Stars club. Right now my church is praying for you. This club is for girls from the 3rd to the 5th grade. Is being a missionary hard work? I think being a missionary is hard. Did you ever go to Russia. I really want to hear from you. Right back soon!

Sincerely,

Julie Coss

Dear Missionary;

I appreciate what you are doing to help our world. By the way, my name is Isabel Davila and I attend the church of ALC. I am also in Missinettes. Let me tell you a little bit about me. I am in 5th grade and I have a brother and I have a sister. The club I go to in Missinettes is Stars. My favorite colors are black and blue. ALC is a great church. We all are praying for you. I think it is a great gift being able to be a missionary. Someday I would like to be a missionary. I will always be holding you in my prayers.

Your little Missionary,

Isabel Davila

Dear Missionary,

Thank you for doing a fantastic job with being a Missionary. I go to A.L.C. and my name is Sarah Gaucin and I live in a family of four. I think it's great to help the poor and to serve the Lord. I attend Missionettes it is a club just for girls. In the class we are learning about other country's. Me and my friend Madison we are learning about Germany and we are learning about their flags and their clothes. I am very proud of my country and my state and my freedom. It is great to be at A.L.C. because we have programs at our church like pennies for the Philipines. It's a good program, because there is a lady at our church name Sis Ann and she is from the Philipines. In Children's church we do a program BGMC where we send Money to Missionarys from our Buddy Barel. I love to always try to do my best.

Sincerely,

Sarah Gaucin
