A. Make up work

1. This term

2. Prior terms

B. What is your plan graduation - Be specific + detailed.

My plans for when I graduate highschool are to try and get into college. I know I need to get a good job. And now a' days it's rather hard to get a good job without having went to college. I need to do the best I can now, in highschool so my chances getting into college are better. If I do not happen to make it into college then I'm going to try and take classes for what I want to do so I'm actually able to do what I want to do. Right now I'm still not 100% sure what I want to do. I really enjoy taking pictures and editing them. That's what I want to go for. I want to get a job in photography. I've been wanting to be a photographer for awhile now. Nothing else has really come to mind that makes me think "Hey, now that's what I want to do". And I'm pretty sure I don't need to go to college to become a photographer.

Date 02 8 20

these are ^{PROPER ORDER} my steps to becoming what I want.

- 1) well first of all, I'm going to do good and graduate high school.
 - 2) once I've accomplished that I'm going to try and get into a college with good photography classes and good teachers.
 - 3) once I've completed that (if I do get into college) then I'm going to apply for buisness dealing with taking photos.
 - 4) And once I've completed that I plan on saving my money and buing photography equipment so I can start my own buisness and run things the way I want to.
- This is what I want to do when I graduate. hopefully I'll be able to accomplish these steps.
