The State Opera's Ring Cycle 2004

Hand Made By Sam Prest

Beat Street Productions is a division of Beat Street Entertainment, offering a wide range of specialised construction services. We can create anything you can imagine, large or small, from trade show displays to theatrical sets and props. Our solutions are not 'off the shelf'. You won't see them anywhere else, setting you apart from your competitors and creating maximum attention for your company or product.

Award-winning entertainer and producer Sam Prest has been bringing the visions of our clients to life for more than a decade, with clients including Jordan Formula One, Toyota, Yves Saint Laurent and Clipsal. In 2004, Sam was engaged as specialist prop and costume builder for the State Opera of South Australia's Ring Cycle.

Beat Street Productions is a 'one stop shop'. Our services include aluminium welding and 2-pac spraying, latex, polystyrene, resins, plasters and intricate costume work including sculpture and special effects make-up. We combine a diverse range of skills and production techniques to build displays, exhibitions and props with the 'wow factor'.

Props Construction

The Giant Tap

For the Mawson Lakes Recycled Water System, a joint project between the State Government's Land Management Corporation, SA Water and Dellin Lend Lease and the City of Salisbury.

College Park Studio S.A.
