The Christian Directory Concept

The Christian Directory is a listing of Christian men and women, professional people, organizations, and churches who wish to be identified in the Rochester area. They are a convenient source of names, addresses, phone numbers, and type of businesses in the area where you live. The purpose of the Directory is to help you to identify the Christian businessmen and women and services in your community and surrounding area.

Being in the Christian directory does not necessarily mean that Christians are less expensive or that their quality of work is any better, but it does mean that you should receive fair, honest, courteous, and dependable work. As a Christian advertising in the Directory we do not necessarily imply that all members in any corporation are all Christians or that Christians should only do business with other Christians. Our intent is only to list these businesses and make an opportunity for you to do business with other Christians if you so choose.

We believe Christians and all types of people can accomplish a great deal by working together. Our desire is that we can be a good example and witness to others who will see Christ in us the hope of glory.

Please also realize that a Christian is entitled to the fruit of his labor and is entitled to make a profit in order to pay his financial obligations.

Make a note to improve your health plan.
