

CITRA CLEAN

PRODUCT CODE: 009-CITCL

WATER BASED CITRUS SCENTED CONCRETE DEGREASER/CLEANER

PRODUCT DESCRIPTION

Citra Clean is a highly concentrated water based non-flammable citrus scented concrete degreaser/cleaner. Citra Clean contains no butyl solvents, chlorinated solvents, EDTA, NTA, or any other types of toxic substances. Although Citra Clean was designed for cleaning all concrete surfaces, it's diverse performance characteristics allow for superior cleaning capabilities on most all surfaces that can be cleaned with water, including metal parts and equipment. It is economically concentrated up to dilution rates of 1:25 with water for light cleaning. Citra Clean is the ultimate multi-use safe cleaner.

BENEFITS/FEATURES

- ◆ Formulated as an economical, concentrated solution which can be diluted up to 1:25 w/water
 - ◆ This product is non-flammable, non-combustable, and non-corrosive...Not Hazardous.
 - ◆ Deeply penetrating formula that quickly and efficiently lifts off stains with minimal effort.
 - ◆ Emulsifies to lift and break the bond between greasy areas and the surface to be cleaned.

RECOMMENDED APPLICATIONS

Citra Clean is recommended for use on all forms of concrete, metal surfaces, equipment, and virtually all surfaces that can be cleaned with water, and where a non-toxic cleaner is desired.

TECHNICAL INFORMATION

Solids.....	0%	Wet Appearance.....	Orange Transparent
Drying Time.....	Refer to Directions	Dry Appearance.....	n/a
Re-Coat Time.....	n/a	VOC Content.....	none
Foot Traffic.....	Refer to Directions	Blush Resistance.....	n/a
Wheel Traffic.....	Refer to Directions	Solvent Resistance.....	n/a
Application Temp.....	40°F - 85°F	Concrete Adhesion.....	n/a

***Please note that low air and/or concrete temperatures and/or relative humidity may extend drying times. Follow recommended coverage rates for best results.

SPECIFICATIONS/COMPLIANCES

Citra Clean is VOC and OTC compliant in all areas of the United States and many foreign nations.

APPROXIMATE COVERAGE RATES

<u>Application Surface</u>	<u>First Coat</u>	<u>Optional Second Coat</u>
New and Old (unsealed) concrete	150-250 ft ²	150-250 ft ²

*Coverage rates vary depending upon surface porosity and texture, and application method. Excessive build up should be avoided. Please note that product can be diluted up to 1:25 with water yielding up to four times the coverage rate per gallon purchased.

SHELF LIFE

Citra Clean has a shelf life of one-two years in it's original, sealed, unopened container.

PACKAGING

Citra Clean is packaged and stocked in 1 gallon jugs (5 gallon pails and 55 gallon drums available)

CLEANING PRODUCTS

CITRA CLEAN

INSTRUCTIONS FOR USE

Preparation: Sweep the area to be cleaned free of trash and debris. Protect all areas not to be cleaned. Mask off all adjacent surfaces with painter's tape or plastic duct tape. If needed, use a plastic or coated cardboard as a spray shield.

1. Dilute Citra Clean according to application (up to 1:5 with water for heavy duty cleaning and degreasing applications, or up to 1:25 with water for light duty cleaning applications).
2. Using a Polyethylene pump-up sprayer, apply Citra Clean a up to 250 square feet per gallon depending upon the porosity of the concrete substrate. Saturate the surface to be cleaned.
3. A stiff bristle brush should be used to work-in and agitate any heavily soiled areas to help break the bond from the substrate.
4. Flush the cleaned area with water. A commercial high PSI and GPM pressure washer is the recommended method of flushing the cleaned surface, however, a garden hose with high pressure spray head will work sufficient as well.
5. Repeat process as necessary. For heavy stains still left in concrete, spot clean using Citra Clean undiluted. Agitate and flush again to remove.

Please note: Although Citra Clean is a biodegradable non-hazardous products, it may still pose a threat to plant life. Please test prior to use in areas where this may be an issue.

CLEAN-UP

Use warm soap and water. Dispose of containers in accordance with local and federal regulations.

PRODUCT REMOVAL

Not applicable.

PRECAUTIONS AND LIMITATIONS

- ▶ Citra Clean can freeze during storage. Storage in area between 50 F and 85 F recommended.
- ▶ Citra Clean is not a stripper and will not emulsify acrylic, epoxy, urethane, or any other coating.
- ▶ Citra Clean is non-corrosive and will not attack aluminum or other metal surfaces.
- ▶ It is not recommended to apply Citra Clean over carpet, tile, and other types of floor adhesives.
- ▶ Coverage rates depend upon many conditions including application method, surface porosity, applicator, ect.
- ▶ Citra Clean was designed for interior concrete and exterior concrete.
- ▶ Citra Clean may be diluted. Note, the higher the dilution rate, the less strength to clean.

SPECIAL NOTES

Please consult Material Safety Data Sheet (MSDS) and read Warranty information prior to use. This information can be requested by contacting customer service at 615-773-1616.
