*"Your presentation was excellent. I have had three artists say to me: "She really gets us!" "She really understands Cirque. Did you see how everyone was paying attention?", and "Is she coming back next year? She's the best speaker we get to see." You're a hit!"*

*"Thanks for your professional and energetic class yesterday. Not only did the Leadership Program class enjoy the presentation, they also walked away with many "hands on" ideas on how to deal with a variety of diversity issues. Thank you also for your willingness to go the extra mile to customize the class to their particular situation; we really enjoyed the examples and lively discussion."*

*"As I said today, your presentation was terrific. Everyone was "ooing" and "aahing" -- and, saying they'd learned something. That is quite a compliment. Thank you so much for all that you taught us today. It was such a pleasure to meet you."*
