

# Walking Miles to Come to Vacation Bible School ...

How beautiful are the feet of them that preach the Gospel of peace and bring glad tidings of good things. - Rom 10:15

## HOW FAR?

How far would you walk to get to a church?

We had **90 children with perfect attendance** at the weeklong Vacation Bible School in the mountains.

**Eleven of these children walked in excess of 2 ½ hours to get to the church.** Because of the long journey they slept in the church each evening.

To our delight their parents made the walk Saturday morning to see their children graduate

the VBS.

A tropical storm was on course for the Philippines and **the mountains were covered with rain and fog ... and yet there were 185 people** waiting for us when we arrived from Bacolod City.

Would you like to partner with the work in the Philippine mission field?

**We could use your help!**

## Velma Getting a New Nose ....

Over the years you have seen Velma in our ministry pictures.

A few weeks ago a family saw her photo during the medical mission and they were **touched to help Velma.**

We are working with doctors in Manila for treatment and reconstruction surgery so Velma will have a new nose.

We have met many people in the mountains that have prayers of desperation seeking a miracle.

Velma's prayers have been answered and she will shortly be travelling to Manila to visit with the doctors

## The Faithful Five ...

Catherine  
took a group  
of wandering  
teenagers in  
the  
mountains

and molded them into dedicated young women who demonstrate what "servant leadership" is all about.

**A few months ago they were the first ones jockeying for a position in the food line ... now they come early to help prepare the food!**

They use to be concerned about their own welfare and needs. Now they tend to the needs of the children and elderly of the church community, putting their own needs aside.

**The faithful five ... making an impact!**

## How Can You Help?

Our immediate needs are for our furlough.

We plan to attend the mission's conference in California in November, and then travel to Illinois, Virginia and Florida to visit with churches, family and friends. We would return to the Philippines in December.

We need to start coordinating travel, purchase of tickets, etc. in July.

We are coming to the understanding that proper rest and recuperation is a vital part of success in serving in the third world mission field.

Would you consider making a special contribution to this furlough travel?

Everything we do is because of people that come along side of us, whether it is financially, through Balikbayan boxes filled with supplies, visiting us on site to help with building projects, or serving with us shoulder to shoulder in the field.

We appreciate all that you allow to happen here!
