Practically Speaking ...

Jesus tended to the practical needs of the people ...

This morning we were able to show Jesus to some people that needed a practical touch in their lives.

Some children had no shoes so we gave them shoes.

Some families had no food, so we gave them food.

Some people had no hope, so we shared the Good News with them.

In all the above, we were grateful to be the delivery person and to see the expression on the faces of those who were blessed.

He no longer needs shoes

“You give them something to eat ...”

Jesus spoke these words in Mark 6:37.

We were able to release over 6000 servings of food into the mountain community, local churches, orphanages and children’s homes by distributing the recently acquired dehydrated soup.

This is in addition to the regular scheduled feeding program conducted each week in Don Salvador.

HOW DO WE DO WHAT WE DO?

Everything we do is done through the support of individuals that have a heart for this work.

Thank you so much for standing with us as we toil in the field.

Help us help them. Contributions can be sent to:

Walking the muddy path to the church ...

Off and running, and raining ...

The past few weeks have been rainy and chilly (chilly being a relative term here).

We wondered aloud on the way to the mountains if anyone would attend due to the weather.

We have to consider that most walk more than a few kilometers, through streams, and literally up the side of a mountain.

Imagine our surprise when we found 80 people waiting for us ...

We are off to a running (and wet) start to the New Year!

Please keep our furlough needs in your thoughts and prayers. Our original plan of April is being rescheduled to November so travel will coincide with the mission's conference. This will help consolidate some of our travel cost.

We are still in need of raising contributions for this travel.

Everything we do is because of people that come along side of us, whether it is financially, through Balikbayan boxes filled with supplies, visiting us on site to help with building projects, or serving with us shoulder to shoulder in the field.

We appreciate all that you allow to happen here!
