What's Cooking?

Suppose a brother or a sister is without clothes and daily food. If one of you says to them, "Go in peace; keep warm and well fed," but does nothing about their physical needs, what good is it?

- James 2:15-16

Why build an oven in the middle of the mountains? **Because it helps tend to the physical needs of the destitute people living there.**

The oven is complete and soon will be available for the women of the church to use to bake bread and other items so they can feed their families.

We want to thank Ross for travelling here from the States to assemble the oven. We especially want to thank those that partnered in the cost of materials.

This turned out to be a bigger project than we anticipated and we are so grateful for all those that came around us to ensure successful completion.

Helping with the physical needs of the destitute of the community.

Take a peek ...

Take a peek at the picture above. “Little John” is the guy to the right. He is wearing the same clothes he always wears ... but no more!

Like many of you, past pictures of “Little John” in our newsletters captivated Ross.

After personally meeting “Little John”, Ross took him to the market and bought him some new clothes. To ensure “Little John” no longer wears those old worn out clothes, Ross took those old rags and packed them to take them back to the States with him.

This is living application of James 2:15-16.

HOW DO WE DO WHAT WE DO?

Everything we do is done through the support of individuals that have a heart for this work.

Thank you so much for standing with us as we toil in the field.

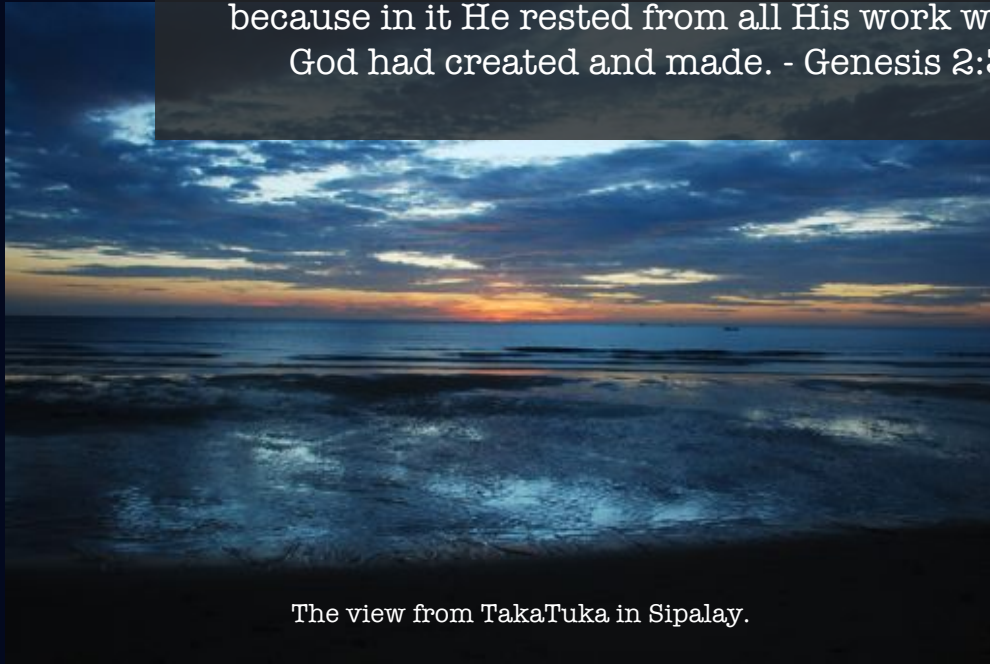

Help us help them. Contributions can be sent to:

Then God blessed the seventh day and sanctified it, because in it He rested from all His work which God had created and made. - Genesis 2:3

Getting back to “work” ...

We are fortunate to have friends who know the value of resting. They treated us to three days at a secluded location with nothing on the schedule except rest, swimming and hanging in a hammock.

The rest was good, and provided a vital “charge” as we forge ahead with the challenges of the ministry.

We are transforming the “Cadillac Bar” in Silay City into a church.

We are teaching livelihood skills to the mountain community so they can feed their families.

We are preparing logistics for the upcoming medical/dental mission in April.

Life is never dull. Each day is exciting, **and we are happy that you are there along with us as we toil in the field.**

Please keep our furlough needs in your thoughts and prayers. Our original plan of April is being rescheduled to November so travel will coincide with the mission's conference. This will help consolidate some of our travel cost.

We are still in need of raising contributions for this travel.

Everything we do is because of people that come along side of us, whether it is financially, through Balikbayan boxes filled with supplies, visiting us on site to help with building projects, or serving with us shoulder to shoulder in the field.

We appreciate all that you allow to happen here!
