## What is Going on in the Workshop?

Spiritual, physical and educational development...

Simple things are important things!

After a lesson on Biblical forgiveness, Catherine proceeded with the livelihood portion of the Tuesday meeting.

The people were excited that we brought tooth brushes, toothpaste, soap and other hygiene items.

A demonstration was given on how to brush teeth ... one young girl age 11 brushed her teeth for the very first time last Tuesday!

# Just asking ...

We can only do what we do because of the people that enable us through their **partnership** in this ministry work.

Financial assistance is always welcome, **but we are also in need of material goods.**

Is your small group, Bible study, or other group looking to get involved in changing people's lives?

**Perhaps this is the opportunity you have been looking for!**

On the next page you will find a list of items we need for **The Angels Workshop** in the mountains. This is where we are concentrating efforts in meeting the Spiritual, Physical and Educational needs of the community.

You may be asking how you can get these items to us without excessive shipping cost ... I am glad you asked!

Please visit <http://www.forexworld.us/v3/OfficeLocator.aspx> for the location of the Balikbayan Box Dealer near you.

The Balikbayan Box is a large box that has no weight restriction and the shipping cost door to door is typically less than \$100.00. from your front door to our front door in the Philippines.

Suppose a brother or sister is without clothes and daily food. If one of you says to him, "Go, I wish you well; keep warm and well fed," but does nothing about his physical needs, what good is it? – James 2:15-16

## FROM THE PASTOR

We get to be involved in some great life changing activities as we serve in the Philippines. We are mindful that we can only participate in this adventure because people enable us through their partnership.

The ministries in the mountains have really taken off and we find ourselves in need of material goods to meet the needs there.

This newsletter shares those needs and solicits your partnership in obtaining them.

Perhaps your small group, Bible study or Sunday School class is interested in getting involved in a project. This may be the one they were looking for!

Please contact me for more information on the Balikbayan Box. The postal system also has a standard box that is reasonable.

**Thank you for being part of the work here!**
