

DIEBOLD OPTEVA 562

Ultimate reliability - Opteva technology delivers one of the highest levels of uptime in the industry. That means consistent convenience for your customers and peace of mind for you.

Full-feature design - The Opteva 562's rich design offers several revenue-generating features. Its two colour document printer, barcode reader and alphanumeric keyboard heighten your customers' experience and provide you with an opportunity to increase revenue.

Maximum availability - Ensure maximum availability with Opteva 562's five-cassette capacity, which is supported by intelligent modules that forecast maintenance needs so you can respond proactively.

Multi-channel software - Agilis, Diebold's high-performance solutions platform, performs in a cross-vendor environment and connects to Web applications, back-office systems and other customer channels to maximise your brand, personalise transactions and deploy new functionality quickly.

Simplified service - The intuitive operator interface provides easy-to-use maintenance options that put analysis and diagnostics of your ATMs at your fingertips.

Security solutions - The enhanced security features integrate the latest in fraud-prevention technology to reduce your exposure while offering your customers an enhanced sense of security.
