

SALES REPRESENTATIVE AUTOMATION INDUSTRY

- ➡ Stable, reputable organisation
- ➡ Full training and support given
- ➡ Excellent remuneration and achievable bonuses offered.

Our client is a well known supplier of Automation solutions and products to multiple sectors of Australian Industry including manufacturing and heavy industries.

A role has become available in SE Queensland for experienced Sales Representative to look after a dedicated sale territory, servicing existing clients' needs and developing new product.

There will be a mixture of project work and working with OEM and distributors. You will be technically minded and enjoy solving problems. It would be an advantage if you were up to date with the current safety standards used within industry, however full training will be given.

You will need:

- Ideally your background will be electrical or mechanical engineering
- 3+ years experience in a business development role, internal sales or sales engineering role.
- Experience in using CRM databases.
- Good network of contacts within industry
- The ability to self-manage
- A mature attitude.

The remuneration package includes base salary+ super, car allowance & achievable bonuses.
